Commitment to Safety

MTR has always had a long standing commitment to safety. In keeping in line with that commitment we now install and sell Brake Safe visual brake stroke indicator and Zafety Lug Lock. These products not only improve the safety of your fleet, but save time and money and can improve your CSA score.

In the last year since we have implemented these products, we have equipped our largest fleet customer and there have been *no brake violations or loose lugs since*. Please contact us for pricing and more information.
